

Trial site shipments can be very demanding.

That's o.k. We know just what they need.

They're big and bulky, often traveling at the last minute or late at night. They refuse to be dropped off on a loading dock or wait in hotel storage when departing. We could go on.

But Washington Express can help 24/7/365,

nationwide or internationally. With pinpoint pickups, time-definite deliveries, flexible return scheduling, even up-front quotes. All you have to do is call 800-939-5463 or click WashingtonExpress.com
